

## Online Gambling - Network Services Licence

The Network Licence carries the same privileges as the Full Licence but in addition, you may use the Network Licence to accept players from global operators (Network Partners) on to your gameplay and back-office servers without re-registering them.

These Network Partners would need to contract with the Isle of Man licensee, committing to game fairness, the exclusion of crime and the protection of young and vulnerable people.

The Network Partners will be expected to operate to Isle of Man (i.e. international) standards of AML/CFT and KYC in respect of any players they supply to the Isle of Man based network.

This licence category is useful for business models in which it is desirable to pool player liquidity, operate networks and offer progressive jackpots.

### Costs

- Application fee: £5,250
- Annual fee: £52,500 per annum

October 2025

St George's Court | Myrtle Street | Douglas, Isle of Man | IM1 1ED
